IN SUPREME COURT.

Two Cases From Blaine County Are Before the Justices.

Guthrie, O. T., Oct. 12.—In the Oklahoma supreme court today were filed two cases from Blaine county wherein the plaintiffs in error in each case strive to have the lower court's judgment reversed.

The first is entitled James E. Thompson vs. C. M. Cade and W. H. Kelly, involving the possession of some Watonga real estate. E. B. Forrest and Lookabaugh Bros. are the attorneys for the plaintiff and Foster & Elder for the defendants.

The second case is entitled the B. S. Fierstein Mercantile company, wholesale liquor dealers of Kansas City, Mo., vs. Ed. Gillespie of Homestead, in which the plaintiff claims the defendant owes the firm \$2.75 for merchandise secured by the defendant from the firm. Lookabaugh Bros. are attorneys for the firm, and F. L. Hotchkiss for the defendant.

BOLD HIGHWAYMAN ACTS.

Secures Quite a Sum of Money From His Victims.

Bob, I. T., Oct. 12.—Tom Brown, Mart Perry and Jim Hargett, farmers who live near Cherokee, while returning home from Marketta, where they had sold their cotton, were held up by a lone highwayman yesterday afternoon at a point about a mile and one-half south of this place.

From Tom Brown he secured \$50, and from Mart Perry and Jim Hargett, \$40. Jim Hargett, who had a considerable sum of money, pulled out a pocketbook which contained only 75 cents and handed it to the robber, who thinking it was all Mr. Hargett had, handed it back to him and told him that it was too small to bother with.

STRUCK HIS MOTHER.

Admitted the Charge, but "Didn't Go to Do It."

Mankam, O. T., Oct. 12.—John Givens, a man about 38 years old, was brought in on Monday from near Hobbs and arraigned before Justice McMillan on the charge of striking his mother on the head with a 44 Colt's revolver. He admitted before the justice that he did strike her one blow, but said he "didn't go to do it."

The mother was a little old dried up woman, fully 60 years old, with her head bandaged, her eyes bloodshot and black, and her face swollen from the effects of the cruel blow dealt her by her son-in-law.

She made the complaint and told the story to the justice. She said her name was Mary E. Givens, that she was a widow and had been keeping house for her son John, who was unmarried. She said he was cross and ugly with her and sometimes he slapped her and she

ALLISON ON STATEHOOD

Iowa Senator Gives His Views on That Subject.

CONGRESS MAY NOT ACT

Indian Territory Likely to Delay the Star.

Guthrie, O. T., Oct. 12.—A letter received here from Senator W. B. Allison, of Iowa, gives his ideas on the statehood question. The letter is as follows:

"Last year, when the admission of Oklahoma as a state was before the senate, I believed it was wise for the old Indian territory with its ancient boundaries to become a single state. I have seen nothing as yet to change that opinion, although I recognize fully the rapid development and growth of the territory of Oklahoma, but when that territory was organized it was the general sentiment that when a state was created the Indian territory should become a part of it. I appreciate the inconvenience to the territory of Oklahoma to be temporarily deprived of statehood, but I do not think that if proper provisions are made in a statute providing for a single state in the whole territory, Oklahoma would be injured thereby, although it might delay for a short time her admission to the union.

"As to whether Oklahoma will be able to secure a majority for immediate admission, excluding the Indian territory proper, I do not know. I should think it somewhat doubtful, and I do not see why absolute provision cannot be made by law, just to the present area of Indian territory and its inhabitants, and also just to the present area of Oklahoma and its inhabitants.

"I do not know how the present condition of Indian affairs in the Indian territory proper may affect the question, but I should think the best solution of it would be to give the people a government there and have them work out their own destiny in a state government with Oklahoma as a part of it.

"What course congress may take in this matter at the coming session, I do not know, as I have not heard the subject mentioned since adjournment last spring. I have read some literature on the subject, but have not changed my opinion in any way. I shall examine the question, however, if presented for consideration at the coming session and do what seems best and wise to do after such examination."

ONE DAY EARLIER.

Hearst Party Will Reach Oklahoma City Next Monday.

Guthrie, O. T., Oct. 12.—Congressman McGuire, while in the city today, received a telegram announcing that the Hearst congressional party which leaves Chicago to tour the territories in the interest of statehood, will arrive in Oklahoma one day earlier than heretofore announced.

The special train will reach Amarillo, Tex., next Sunday evening, 7:30 o'clock, and will be in Oklahoma City the next morning at 5:30 o'clock, traveling over the Choctaw. From Oklahoma City the party will go as far south on the Santa Fe as Ardmore, and from Ardmore the special train will leave for Guthrie by way of Shawnee. From Guthrie the party will go to Oklahoma City and will return to Guthrie Tuesday noon, remaining in this city three hours, then leaving for the east. The trip in Oklahoma is not an extensive one and many cities asking for the party will be disappointed.

It is probable that Congressman McGuire and Governor Ferguson will join the congressional party at Amarillo Sunday evening, leaving Oklahoma City on Sunday morning.

Plans will be made by Guthrie citizens to give a reception for the visitors something on the order of the reception given Secretary Hittchcock.

SUNDAY AT CAMP LOGAN.

Sabbath Was an Ideal Day but Monday Was Rainy.

Guthrie, O. T., Oct. 12.—The Oklahoma militia boys had an ideal day in camp Sunday, although they are paying for it today, as the rain has been falling in steady downpour since some time shortly after midnight. "The patter of the raindrops" has been a favorite tune in camp today.

Between 5,000 and 6,000 people in all visited Camp Logan Sunday, many coming from other cities to visit with the militia. The day was busily spent in the camp. In the morning there was the regular guard-mount. At 2 in the afternoon Rev. Joe Ingram, the regimental chaplain, conducted religious services, there being many present in addition to the militiamen. These were followed by a band concert by Troop A band and at 6 o'clock came the dress parade, which was witnessed by thousands of outsiders.

On account of the rains today there has not been much doing in camp outside routine work.

MAST AMOUNT OF WORK.

Attorney Johnson at Ardmore Has Filed His Report.

Ardmore, I. T., Oct. 12.—United States Attorney Johnson at Ardmore has filed his annual report of the business of his office. It shows a vast amount of criminal work, covering the Southern district. The number of criminal cases on the docket for the year was 86; number of convictions, 338; number of acquittals, 34; number discontinued and nolle prosequi, 945; amount of fines and forfeitures collected, \$3,550. Of the number marked discontinued and nolle prosequi, at least 200 cases were transferred to new courts established since July, 1902, which were taken off the old docket and given a new number.

STOPPED THE WORK.

Governor Hears That Bad Material Is in Use.

Guthrie, O. T., Oct. 12.—Governor Ferguson has ordered work stopped on the new Science building at Norman, owing to the fact that the governor has been informed that poor material is being placed in the walls of the building. Some time ago the governor ordered work stopped and yesterday he received information

that while the material considered inferior had been removed, there is one of the walls standing which has poor bricks in it. There are samples of the bricks in the governor's office, and the chief executive is desirous of having the poor material taken out of those walls. He considers the contractor liable for loss in this case, and it is now up to him to make the matter right.

HAS A FULL HOUSE.

County Jail Accommodates 38 Men and One Woman.

Lawton, O. T., Oct. 12.—Sheriff Hammonds has a full house at the county jail. At the present time thirty-eight men and one woman are in his charge, the largest number that has ever been confined in the county jail at one time. They are there for doing most everything, from murder down. The woman was brought in this week from Waurika, where it is alleged she was working in conjunction with an organized band of thieves and lawbreakers. The same aggregation of crooks made a feeble attempt at holding up the bank at that place the first of the week which resulted in several arrests and will probably disorganize the outfit.

AGAINST REED SMOOT.

W. C. T. U. in Oklahoma Are Presenting Petition for Signatures.

Guthrie, O. T., Oct. 12.—Petitions are being prepared in various towns in Oklahoma by members of the Oklahoma W. C. T. U. to be presented to the United States senate at the convening of congress, requesting that body not to seat Reed Smoot, senator-elect from Utah. The petitions are in printed form, and are evidently sent to Oklahoma from the east. Just how many of these petitions will be filed out in Oklahoma is not known, but Oklahoma "has a hand in the game," anyway.

Ex-Kansas Is Dead.

Prague, O. T., Oct. 12.—Jessie Suva, wife of John Suva, who lives one mile southeast of town, died October 8, 1903, of consumption. She was born in 1837, in Moravia, and was married in 1859. Two children were born to them, and both died in the old country. The deceased was a native of the county and resided in Jackson county, Kan., remained there until twelve years ago, when they moved to Lincoln county, O. T.

Athenian Club Delegates.

Chandler, O. T., Oct. 12.—The Athenian club held the first meeting of the year yesterday afternoon at the home of the president, Mrs. J. Howard Johnson. The subject of sending delegates to the Federation of Women's Clubs of the two territories which meets at Ardmore, November 2-6, came up and Mrs. Holmes being the only member who thought she could attend, she was elected delegate.

More Rural Routes.

Newkirk, O. T., Oct. 12.—The rural routes have been allowed for Newkirk, to commence operations November 2. Route No. 1 will be in charge of Curtis C. Coleman, carrier. Mrs. A. Coleman, substitute, No. 2, H. A. Godfrey, carrier; Ed Rector, substitute, No. 3, Arthur Russell, Sr.; substitute. Petitions for two additional routes southeast have been forwarded.

Eli Fisher Resigns.

Jet, O. T., Oct. 12.—Owing to the rheumatism in his right arm becoming worse, Mr. Eli Fisher has resigned as United States Court Commissioner at this place and Ursel Finch has been appointed by Judge J. H. Buford, chief justice of the supreme court of Oklahoma, to succeed him. Mr. Fisher will continue in office, however, until he has taken the proof of those advertised.

Katy Railway Bridge.

Shawnee, O. T., Oct. 12.—Mr. D. Bryan, who has the contract for putting in the Katy railroad bridges, stated today that his men are busy putting in bridges between Choctaw and Oklahoma and will soon finish the work on that line. They will then be put to work on a big bridge for the Santa Fe over a road south of the city.

Offered a Position.

Guthrie, O. T., Oct. 12.—It is stated here today that Edgar Powers, chief clerk at the Santa Fe station, has been offered the position of agent, made vacant by the acceptance of A. J. Corbin of a similar position at Shawnee, Kan. Powers has been under Corbin here for two years, and will probably accept the company's offer.

Formed an Organization.

Guthrie, O. T., Oct. 12.—The real estate men of Guthrie have formed an organization for the purpose of adopting some systematic plan for advertising and disposing of real estate in Guthrie. The officers selected are: president, J. D. DuBois; vice-president, W. M. Sparlock; secretary, L. M. West.

CLOSE TO GUTHRIE.

Guthrie, O. T., Oct. 12.—The Katy track laying force is within five miles of Guthrie, having resumed work yesterday. The Katy will be completed to Guthrie within a short time.

CHILD WAS CURIOUS

Picked Up Loaded Shell Near the Track.

STRUCK IT WITH AN AX

Dynamite Exploded and Nearly Killed the Girl.

Enid, O. T., Oct. 12.—Saturday morning the little 15-year-old daughter of Joe Jobe was playing near the railroad track of her home on Cherokee avenue with three other children. With eyes open for anything new, they found one of the small circular dynamite shells that are placed on the track as a warning of dangerous track to engineers. The children's curiosity was aroused to know the contents of the box. They took it into the back yard and the little girl took an ax and began to hammer on it, says the Wave.

Without warning, with a tremendous report, the bomb exploded, knocking the girl senseless and frightfully injuring her. A portion of one ear was torn away, a great gash cut in the head and the cheek was badly lacerated. Two ugly wounds were made in one arm.

The other children fortunately were not near enough to be hurt. Their cries immediately attracted attention and the little girl was carried into the house.

A physician was called who dressed the wounds and made the child as comfortable as possible.

The injuries themselves, while serious, are not of a fatal nature. Unless blood poison should set in, of which there is considerable danger in such cases, the child will probably recover without much difficulty. She was resting well at the last report.

HE WOULDN'T TALK.

When Interpreter Appeared He Kept Silent.

South McAlester, I. T., Oct. 12.—Deputy Hunt brought in Bernice Terroice from Goven, charged with beating Charles Smith to death with a club. Bernice is a Polish and can not talk English, and when an interpreter was brought would not say anything.

J. A. Price, a neighbor living in the vicinity of the crime, said that last Thursday night as he lay in bed he heard a man groaning close by and he at once went outside to investigate. He found a man and a woman standing over a man in the road. Both had large clubs and were beating him with all their might. He at once went to them and told them to stop. They both threw down their clubs and ran and the man arose and walked off and he went back to his house.

Philip Perkins, another resident in the vicinity, says that he was also awakened some later by the cries of a man in distress. He jumped out of bed and ran to the road and saw a man standing over a prostrate form beating it with a large club. He also saw a woman coming a short distance off with a club in her hands. He told the couple to leave the man alone and they at once left. He told the man who he found to be Smith to remain where he was for a moment until he could put on his clothes and he would take him to a doctor. Smith begged Perkins not to leave him alone as he said he had a large sum of money on him and that was what the man and woman were after. Perkins ran to the house, put on his clothes and upon his return found Smith had staggered to his feet and was trying to walk. Price was also in the road and together they took Smith to a doctor and the two his home. He was found to be terribly out and bruised and suffered a great deal from internal wounds. Price and Perkins both

The deputy was at once put on the trail of the man and woman and found them to be Pete and Bernice Terroice. Pete had just got word of Smith's death and fled. Bernice was found at her home and arrested. She was given her preliminary hearing before Judge Wright and committed without bail.

Pete and Bernice are brother and sister and have not been in this country long. Pete works in the mines.

FOLLOWED A SCENT.

Sheriff and Deputies on the Trail of Their Man.

Anashe, O. T., Oct. 12.—Monday word was brought to town that a young man by the name of Emmans, who resides about twelve or fifteen miles west of town, and who wears the star of some detective agency, had located one J. A. Dunn, who is wanted in Arkansas for robbing a bank and killing a sheriff and for whom rewards aggregating \$2,500 are offered, says the Review. Sheriff Thompson and Deputy Schroeder came down from Anadarko, arriving in this city about 1 o'clock Tuesday morning and about 2 o'clock, accompanied by Deputy Sheriff Jay, they started for the scene of operations.

They reached the house in which the supposed dead man was sleeping, and knowing that if the right party were inside they had a desperate man to deal with, made a rush for the house. As they came up to it a man was seen to leave by a rear door and he was promptly covered by Sheriff Thompson and Deputy Jay. He informed them that their man was inside. They went in and found him in bed. The sheriff knew the man they were looking for, and while the man in the bed looked almost enough like him to be his twin brother, he was not the Arkansas murderer and robber. Mr. Thompson questioned him closely and learned that his name was M. A. Dunn and that he hailed from the Lone Star state.

Then the sheriff, Detective Emmans and the deputies returned to town, having had the excitement of following a cold scent to compensate them for their loss of a good night's sleep.

Dr. Sanders Is Ill.

Guthrie, O. T., Oct. 12.—While attending the livestock sanitary board in this city yesterday, Doctor Sanders, a territorial

lal veterinarian, became deathly sick from an intestinal hemorrhage. Dr. Barker was called and he was taken to the Astor house later in the evening. A little later in the evening he became somewhat better, but was still very weak. His condition is considered quite serious but he was removed to his home at Oklahoma City.

David Nation in Oklahoma.

Talgus, Oct. 12.—Hearkening the recent death of David Nation, the husband of Carrie, the Talgus Times says:

"The death of Mr. Nation will be sorrowfully received by the people of Dewey county. Mr. Nation and family lived a number of years in Selting. During their residence in our county Mr. Nation was prominent in political, religious and commercial circles. He was a candidate for county attorney on the Republican ticket in 1890, and was largely interested in the promotion of the Selting townsite, being treasurer of the company.

To Seek Oil or Gas.

Stroud, O. T., Stroud, the gateway city to the Creek nation, the four-year-old town that has nearly 2,500 inhabitants and has shipped 35,000 bales of cotton during the last year and fattened 2,000 steers on cotton meal, is again going to sink a drill into the bowels of the earth in search of gas, coal oil or other minerals. J. W. Donaldson will lead a town lot to every \$25.00 shareholder in the enterprise.

Killed for Slaughter.

Guthrie, O. T., Oct. 12.—Secretary Tom Morris of the Oklahoma Livestock Sanitary board today filed with the attorney his report for the past month, showing the number of live stock killed for food in this territory during September. Cattle, 8,877; horses, 5,319; sheep, 21,000; goats, 16. In carcasses over the previous month, cattle, 25 per cent; horses, 20 per cent. Consumed as unit for food: cattle, 20; hogs, 15.

Found Some Ticks.

Clen, O. T., Oct. 12.—Hos. R. H. Hahn, deputy cattle inspector, was here this week and discovered a great many ticks on the cattle west of town. He quarantined a number of herds. He said that he found plenty of ticks among the cattle west of town.

Washington, Oct. 12.—It was announced that the call for the extraordinary session of congress to meet November 3 will be issued probably on the 20th instant.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and agony suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful
